3 Trophies \$50.00
8 Trophies \$100.00

OPERATION OPEN ARMS PRESS RELEASE

Support our servicemen and woman who protect our freedoms every day by contributing to Operation Open Arms, Inc. Our heroes need your help to take their minds off of their very hazardous mission, even for a short time. Founded in 2005 on Pine Island by Charter Boat Captain John "GiddyUp" Bunch and U.S. Marine officer in Vietnam, Operation Open Arms is one of the most successful charitable organizations in our country serving our active duty servicemen and women.

Operation Open Arms is an IRS approved 501 © [3] nonprofit corporation so your needed contributions are tax deductible. Two sitting Presidents, George W. Bush and Barak Obama have recognized the organization for its great work.

The mission of Operation Open Arms is to provide every possible benefit to our active duty servicemen and women while on leave from a combat zone. The organization also provides free mental health counseling to active duty servicemen and women. The organization has no staff and operates only through its volunteers and business partners. Operation Open Arms is a network of sponsoring businesses that extend free benefits in a wide range of categories to enable our heroes to have a much needed free vacation from the stress of war. There is no Operation Open Arms without our sponsors. Our heroes are eligible for one free service from each business partner. They make their own arrangements with the service providers.

Our partners donate hotel room nights, restaurant meals, fishing charter trips, excursions to the Keys, sightseeing opportunities, leisure activities, haircuts, dental work, etc.

Please donate funds or services to Operation Open Arms so that we can continue our vital mission. More information about us and success stories are available on our website, www.operationopenarms.org or please call Captain Bunch at 283-8838. Donations should be sent to:

Operation Open Arms, Post Office Box 101, St. James City, FL 33956
